

PREMIER GEORGE SEES AGREEMENT IN SIGHT

In Addressing Parliament He Tells of Efforts Made to Speed Up Problems Are Difficult

SAYS AMERICA FOR LEAGUE

Both Parties Favor Creation He Says Nation Must Decide for Itself on Going to War.

By The Associated Press.

LONDON, Feb. 12.—Premier Lloyd George spoke again today on the general peace situation.

The premier, defending the proceedings of the peace conference, said the government had been devoting the time to speeding up agreements. He was anxious that a complete agreement would be reached concerning the western boundary, but the eastern boundary was a different matter. Until the commission sent to examine the matter reported, the allies would be in no position to make demands upon Germany. The conference was unanimous, he said, that Germany had forfeited all rights to her colonies. Lloyd George was sorry to hear members talking in rather slighting tones about the league of nations. The little nations were not only unanimous but eager in its support. It was suggested that President Wilson only represented one party.

"I have been assured by a prominent republican," he continued, "that so far as the league is concerned the republican workingmen of America are just as keen as the democratic workingmen and that American public opinion is not divided on league although there may be difference of opinion on details. I agree that a nation ought not to be committed to war by any league without having the responsibility considered by itself."

Lloyd George contended that with regard to indemnities the British government was in advance of any government as it was the first to appoint a commission to deal with this matter.

If troops were to be sent to Russia, who should send them? America, he said, would send neither men, money nor materiel, and the work would fall upon the British and France.

MRS. ETHEL LIND FILES PETITION FOR DIVORCE

Alleging that her husband had been guilty of extreme cruelty, habitual drunkenness and other causes enumerated in the petition as grounds for divorce, Ethel Lind filed suit in the superior court Wednesday for a divorce, alimony and a restraining order to prevent the defendant, Arthur M. Lind, from coming to and molesting her, and molesting her in any way pending the outcome of the action.

The petition avers that Lind is the owner of a home in Park Hill addition of the value of about \$4,000; that he is the owner of a half interest in a number of teams, wagons and harness of the approximate value of \$2,000 and that the income from these above expenses is about \$1,200 per month.

She asks the court that an order be made requiring the defendant to pay \$100 per month as temporary alimony, \$100 to apply on attorney fees, and \$100 for expenses of the suit; that he be restrained from molesting her further in the exclusive enjoyment of her home, and upon final hearing that she be granted a divorce, be decreed to be the owner of the home and that the defendant be required to pay not less than \$15 per month for her maintenance and support, and not less than \$25 per month for the support of their 4-year-old son.

NEALE VANCE FOUND DEAD IN HIS ROOM AT HOTEL

The body of Neal "Glimmer" Vance, formerly an employee of the Coaden Oil company and well known minor league baseball pitcher, was found in his room at the Drexel hotel yesterday morning, in a badly decomposed condition.

According to the county and city officers, heart disease was the probable cause of his death, aided by the excessive gas fumes which filled the room. Vance was last seen by his friends at Foster's bar Tuesday night. He was discharged by the Coaden company some time ago, marital trouble being the cause.

He has been drinking heavily lately, according to those intimate with him. The gas stove was turned on full force and the heat in the room was intense. Vance had evidently been in the room at least 24 hours, judging by the condition in which the body was found.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick relief of colds and coughs.

There is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap, simple, but very prompt in action. Under its healing, soothing influence, chest becomes cool, phlegm loosens, breathing becomes easier, sleeping, in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, whooping cough, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.
